Dilmah is a renowned Sri Lankan tea brand founded by Merrill Joseph Fernando. It is known for its commitment to quality, authenticity, and ethical tea production. Unlike many other tea brands, Dilmah pioneered the concept of Single Origin Tea, ensuring that its Ceylon tea is garden-fresh, unblended, and packed at the source.

Dilmah offers a diverse range of teas, including flavored teas, green teas, and infusions. The brand also emphasizes tea gastronomy, collaborating with chefs to create tea-infused dishes. Additionally, Dilmah runs the Dilmah School of Tea, a global initiative that educates tea enthusiasts and professionals on the art and science of tea.

Beyond tea, Dilmah is deeply committed to social responsibility, with profits supporting the MJF Charitable Foundation and Dilmah Conservation, which focus on community development and environmental sustainability.

A handcrafted journey from

Tea originated in China, as legend has it, 5,000 years ago with Chinese emperor Shen Nung claiming the health benefits of tea in 2737 BC. However it was Ceylon (now Sri Lanka) that made tea famous in the 19th and 20th Centuries.

Scotsman James taylor is attributed to planting the first tea estate in Sri Lanka. It was in 1867 that Taylor planted 20 acres of tea on the Loolecondera estate (of which he was superintendent). It was here he perfected the technique of fine plucking-‘two leaves and a bud’.

SINGLE ORIGIN 100% PURE CEYLON TEA
Dilmah was founded in Sri Lanka (formerly Ceylon), the source of our pure unblended Ceylon tea, renowned the world over for its fresh and full flavour.

FRESHNESS GUARANTEED
Packaging at our farm within days of handpicking the tender bud and leaves ensures that Dilmah tea retains its natural antioxidants and character.

ENDURING AUTHENTICITY
Dilmah remains faithful to the traditional methods of making tea. To enjoy all its flavour and natural goodness, follow our brewing guide located on each pack.

KETOBETIC

A keto or ketogenic diet is a low-carb, high-fat & medium portion of protein diet that can help you burn fat more effectively.

It has many benefits for weight loss, health and performance, as shown in over 50 studies.

A keto diet can be especially useful for losing excess body fat without hunger, and for helping improve type 2 diabetes.

For a healthy food lifestyle, peanuts are one of the best plant based source of fat and protein.

Unfortunately, only some peanut butters are diabetes-friendly.

On keto, you want to be getting 60-80 percent of your daily calories from fat, 20-30 percent from protein, and you should keep your carb intake to just 20-30 grams per day.

Dale's Estate is an Indonesian tea brand that celebrates the country's rich agricultural heritage. The brand is dedicated to supporting local farmers and plantation owners, ensuring that high-quality tea reaches enthusiasts both locally and internationally.

Dale's Estate offers premium tea blends, including Java Breakfast and Classic Green Tea. The brand prides itself on natural processing methods, ensuring that each sip reflects the authentic essence of Indonesian tea culture.

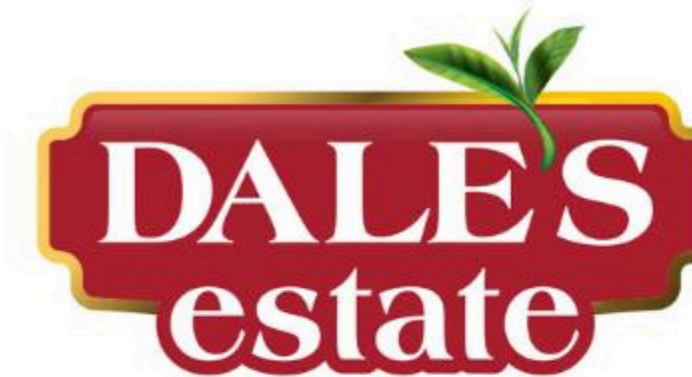

Java Breakfast

Java Breakfast is made from fully fermented *Camellia sinensis* var. Assamica buds and leaves originated from the West Java highlands that produce a reddish-colored tea, complimented by a fresh floral aroma. The sweet aftertaste of Java Breakfast will add warmth to your day.

Classic Green Tea

Grown and handpicked in the central highlands of West Java, Dale's Estate Classic Green Tea is made from unfermented Assam or Assamica tea buds and leaves, resulting in its fresh green and mildly sweet aroma. The traditional and sustainable methods used guarantee natural goodness in every sip. Refresh your body and soul with Classic Green Tea, and experience green tea at its finest!

Carrying Indonesia's natural treasures is our mission. We encourage our partners, farmers, and plantation owners, to join hands in promoting quality for tea enthusiasts, making it the lord of teas within our nation and proudly representing Indonesia's name abroad.

Derived from the love of three friends for Indonesian cuisine in the Land of Parahiangan, Dale's Estate Tea refines it into a delightful blend, enjoyed with all the benefits of tea leaves' goodness.

Dale's Syrup is a premium syrup brand that offers natural sweetness for beverages and desserts. The brand features two main varieties. Simple Syrup, a versatile classic made from natural corn starch, perfect for cocktails, iced teas, and lattes. It enhances flavors without overpowering the original taste and Palm Sugar Syrup, crafted from natural palm sugar, delivering a rich, caramel-like depth. Ideal for sweetening drinks, flavoring dishes, or topping desserts. Dale's Syrup is known for its commitment to quality, using 100% natural ingredients without artificial flavoring.

Dale's Syrup Variant

Simple Syrup

Dale's Farm Simple Syrup is the ultimate syrup for crafting drinks and more. Perfectly balanced and made from premium ingredients, this syrup not only adds a touch of sweetness but also enhances your creations in multiple ways. Its unique formulation improves solubility, ensuring it blends seamlessly into beverages, while also preventing crystallization for a consistently smooth texture. Additionally, it aids in moisture retention, keeping your concoctions fresh and flavourful. Whether you're mixing cocktails, sweetening iced teas, or crafting lattes, Dale's Farm Simple Syrup elevates every sip with enhanced flavor and natural sweetness.

Futurmat is a Spanish brand of professional espresso machines, founded in 1978 with a mission to blend traditional espresso craftsmanship with cutting-edge technology. Manufactured in Barcelona by Quality Espresso S.A., Futurmat machines are known for their precision engineering, reliability, and sleek Italian-inspired design.

The brand has played a pioneering role in espresso innovation—most notably by introducing vertical release electro-valves beneath group heads, a feature now standard across the industry. Futurmat machines are designed to meet the needs of baristas and coffee professionals worldwide, offering intuitive controls, energy efficiency, and consistent performance in high-demand environments.
